THE LABORATORY HANDBOOK

IS

AVAILABLE AS A FREE 'APP' ON APPLE AND ANDROID SMARTPHONES

The LABORATORY HANDBOOK is now available to download free on Apple and Android phones. The HANDBOOK contains general and test specific requirements on all tests available in OLCHC laboratories and for tests referred elsewhere.

When the laboratory makes any changes to the information - these will be automatically updated on your phone (the next time you access the APP). These changes will be flagged. This has replaced the existing printed version of the handbook. Please send any old printed copies to Haematology lab.

There is a colour coding system in place to help you identify expensive tests:

RED – High cost:

Senior Clinical staff must be involved in decision to order “Red tests”

YELLOW – Medium cost:

Please consider carefully before requesting

APPLE: Search on APP store for OLCHC and INSTALL. You will be required to enter an e-mail address and password

ANDROID: Search for OLCHC LAB on store and install. You will be required to enter an e-mail address and password

PC version may be accessed on link as below

<http://olchlab.return2sender.ie/Account/Login.aspx>

(You will need to register as above with an e-mail address and password)

Any problems – please contact Sean Rooney, Haematology Lab, 01-4096432
